### **Dinner Jazz Performance by '3bpm' with Andrea Mann**

'3bpm' combines the talents of Martin Pickett (piano), Paul Jefferies (bass) & Ben Twyford (drums). These guys can take a melody or set of chords and tug on your heart strings or push the boundaries of musical excitement with an eclectic yet beautifully homogenised mix of originals and jazz interpretations.

The band has just released its debut CD "First Hearing".

Andrea Mann sings from the heart with a smoky, velvety voice. A brilliant songstress, whose repertoire calls on works from such varied sources as the great American Songbook, Coldplay, The Beatles and Sting.

Andrea has performed at the Spice of Life, 606, 100 Club and recently has toured Malaysia.

Various members of 3bpm have played with or supported Andrea over the years and there is a musical empathy that exists between the band and singer that promises to create a truly enthralling evening of music for all to enjoy.

Friday, 25<sup>th</sup> of April, 7.45 pm – 11pm, £35 per person to include: entrance, canapés on arrival, three courses dinner and service charge.
